Remark:

- During the course of the project there are various cancellation which resulted in refund of the payment to the allottees. It is important to understand that the developer has exhausted his withdrawal limit for withdrawal of the sales consideration received from such booking. In the event of cancellation and refund of the booking it is justified to add back the quantum of exepnditure which was exausted initially.
- As per section 4(2)(1)(D) of the Act the Promoter is required to transfer only 70% of the funds realised from the allottees of the real estate project into the RERA Designated Account. In the cases where the promoter has transferred more than 70% of the said funds then in that case it is only justified that withdrawal of such excess money deposited should not exhaust the withdrawal limit thus such withdrawal is added back in the total withdrawal limit.
