## **INDEPENDENT AUDITOR'S REPORT**

To the Members of Emaar India Limited

### **Report on the Audit of the Standalone Financial Statements**

#### **Opinion**

We have audited the accompanying standalone financial statements of Emaar India Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss (Including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its loss (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Emphasis of Matter**

We draw attention to the following matters in the Notes to the standalone financial statements:

- a) Note No. 32 (c)(i) to the standalone financial statements which describes the petition filed by Emaar Holding II, shareholders and promoters of the Company under Section 241 of the Companies Act, 2013 before the National Company Law Tribunal, New Delhi ("NCLT") seeking relief against former shareholder, managing director, director and their connected entities (collectively referred as 'MGF Group'). Under this petition, Emaar Holding II has, inter-alia, prayed to the Hon'ble NCLT to direct MGF Group to compensate the company and Emaar Holding II to the extent of loss caused due to their certain acts and transactions that occurred between the years 2006 to 2016, along with interest, from the date of respective loss. As the matter is currently sub-judice, any impact of the same on the standalone financial statements is not ascertainable at this stage and accordingly, the impact if any shall be accounted for once the matter is concluded.
- b) Note No. 32 (b)(xi) to the standalone financial statements in relation to investment made in and advances given by company to one of the subsidiary company, Emaar MGF Construction Private Limited, aggregating Rs. 362.78 million (March 31, 2022: Rs. 362.78 million) and Rs. 810.69 million (March 31, 2022: Rs. 788.50 million) respectively as at

# MSKA & Associates

## Chartered Accountants

March 31, 2023. As described in the note, there are various significant ongoing litigations in the said subsidiary company relating to a project undertaken by it, As the matters are currently sub-judice, the final outcome of which is presently unascertainable.

- c) Note No. 32 (b)(xii) to the standalone financial statement in relation to the uncertainty with respect to the outcome of various ongoing litigations involving the Company and its development partners with Andhra Pradesh Industrial Infrastructure Corporation ('APIIC') and other parties alleging certain irregularities relating to a project in Hyderabad. The Company has outstanding assets and liabilities of Rs. 4,292.68 million (March 31, 2022 - Rs. 4,280.48 million) and Rs. 1,261.90 million (March 31, 2022 - Rs. 1,434.96 million) respectively with respect to this project as at March 31, 2023. As the matters are currently sub-judice, the final outcome of these litigations is presently unascertainable.
- d) Note No. 32 (c)(iii) to the standalone financial statements which describes the uncertainty with respect to the outcome of various ongoing litigations involving the Company and MGF Developments Limited ('MGF'), pending before NCLT under Section 231 of the Companies Act, 2013 and the arbitration proceeding pending before International Court of Arbitration, International Chambers of Commerce ('ICC'), London. The disputes, inter-alia, pertains to various demerger related arrangements between the parties, including the indemnity arrangements, which entitled the Company to raise indemnity claims on MGF in respect of certain expenses/losses incurred by the Company. Subsequent to the initiation of arbitration, the Arbitral Tribunal constituted by ICC has confirmed that, not only the Company may unilaterally settle such indemnity claims by, inter-alia, terminating the development rights of certain land parcel(s) which were earlier transferred to MGF pursuant to demerger, but also confirmed that there should be no restraint alienation of the development rights in those land parcel(s).

The Arbitral Tribunal has passed a Partial Award on November 16, 2022, wherein it has rejected the claim raised by MGF for loss of profits against the Company. Further, the Tribunal has also concluded on certain other claims and counter claims of both the parties and accordingly, the probable impact of the said award of Rs. 1283.85 million has been recorded in the books of the Company for the year ended March 31, 2023 as an exceptional item.

However, Arbitral Tribunal has reserved the right to conclude on the pending claims in the next phase which is expected to be concluded in December 2023. As the matters are currently sub-judice, the final outcome of these litigations is presently unascertainable.

Our opinion is not modified in respect of these matters.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year ended March 31, 2023. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

## Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Annual Report but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance under SA 720 'The Auditor's responsibilities Relating to Other Information'.

### **Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Standalone Financial Statements.

### **Other Matter**

The standalone financial statement of the Company for the year ended March 31, 2022, were audited by another firm of chartered accountant, Walker Chandiook & Co LLP whose reports dated May 30, 2022, expressed a qualified opinion on those standalone financial statements with respect to matter mentioned in Emphasis of Matter paragraph (a) above.

Our opinion is not modified in respect of this matters.

### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
- (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 32 to the standalone financial statements;
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
  - iv.
    - 1) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
    - 2) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
    - 3) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (1) and (2) above, contain any material mis-statement.

## ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF Emaar India Limited

### Auditor's Responsibilities for the Audit of the Standalone Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the year ended March 31, 2023 (current year) and are therefore, the key audit matters. We describe these matters

in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report]

i.

- (a) A. The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment and Right-of-use assets.  
B. The Company has maintained proper records showing full particulars of intangible assets.
- (b) All the Property, Plant and Equipment and rights of use assets were physically verified by the management in the year 2021 in accordance with a planned programme of verifying them once in three years which, in our opinion, is not reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in the financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us, the Company has not revalued its property, plant and Equipment (including Right of Use assets) or intangible assets or both during the year. Accordingly, the requirements under paragraph 3(i)(d) of the Order is not applicable to the Company.
- (e) According to the information and explanations given to us, no proceeding has been initiated or pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988, as amended and rules made thereunder. Accordingly, the provisions stated in paragraph 3(i) (e) of the Order is not applicable to the Company.

ii.

- (a) The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification, coverage and procedure of such verification is reasonable and appropriate, having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories.
- (b) The Company has not been sanctioned any working capital limits during the year. Accordingly, the requirements under paragraph 3(ii)(b) of the Order is not applicable to the Company.

iii.

- (a) According to the information explanation provided to us, the Company has provided loans to subsidiaries and associates.

(A) The details of such loans or advances and guarantees or security to subsidiaries and Associates are as follows:

## **ANNEXURE C TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF Emaar India Limited**

Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Emaar India Limited on the Financial Statements for the year ended March 31, 2023

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

#### **Opinion**

We have audited the internal financial controls with reference to standalone financial statements of Emaar India Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2023, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note").

#### **Management's Responsibility for Internal Financial Controls**

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

## Meaning of Internal Financial Controls With reference to Standalone Financial Statements

A Company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

## Inherent Limitations of Internal Financial Controls With reference to Standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The principal place of business of the Company is located at Emaar Business Park, MG Road, Sikanderpur, Sector-28 Gurugram-122002, Haryana.

The Company is principally engaged in the business of promotion, construction, development and sale of integrated townships, residential and commercial multi-storied buildings, houses, flats, shopping malls, hotels, IT parks, etc.

These standalone financial statements ('financial statements') for the year ended 31 March 2023 were authorized and approved for issue by the Board of Directors on 15 May 2023. The revisions to the standalone financial statements are permitted by the Board of Directors of the Company after obtaining necessary approvals or at the instance of regulatory authorities as per provisions of the Act.

## **2. Summary of significant accounting policies**

### **2.1 Basis of preparation**

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards as notified under section 133 of the Companies Act 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules 2015 (by Ministry of Corporate Affairs ('MCA')), as amended and other relevant provisions of the Act.

The financial statements have been prepared on going concern basis using a historical cost convention, except certain financial assets and financial liabilities which are measured at fair value as explained in relevant accounting policies. Fair valuations related to financial assets and financial liabilities are categorised into level 1, level 2 and level 3 based on the degree to which the inputs to the fair value measurements are observable.

The financial statements are presented in INR (Rs.) which is assessed to be the functional currency of the Company in accordance with Ind AS. All values are rounded to the nearest million (INR 000,000), except when otherwise indicated.

### **2.2 Significant accounting policies**

#### **a. Current versus non-current classification**

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Act. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

#### **b. Property, plant and equipment**

##### *Recognition and initial measurement*

Property, plant and equipment and capital work in progress are stated at cost [i.e., cost of acquisition or construction inclusive of freight, erection and commissioning charges, non-refundable duties and taxes, expenditure during construction period, borrowing costs (in case of a qualifying asset) upto the date of acquisition/installation]. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the

item will flow to the Company. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

*Subsequent measurement (depreciation and useful lives)*

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets estimated by the management based on technical evaluation:

Asset class	Useful lives estimated by the management (years)
Buildings	60
Plant and equipment	5
Office equipment	5
Computers	3
Furniture and fixtures	6.67
Vehicles	5

The useful life of the assets is either lower or equal to those indicated in Schedule II to the Act.

Leasehold improvements are amortized on a straight-line basis over the period of the lease of 1-3 years or the useful life of the asset, whichever is lower.

The useful lives, residual values and method of depreciation of property, plant and equipment are reviewed at each financial year end.

*De-recognition*

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

**c. Intangible assets**

*Recognition and initial measurement*

Intangible assets comprise of computer software's which are measured at cost of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation.

*Subsequent measurement (amortisation)*

Intangible assets are amortised on a straight-line basis over the useful economic life which is assessed to be between one to three years by the management.

*De-recognition*

Intangible asset is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the statement of profit and loss, when the asset is derecognised.

**d. Where the Company is lessee – Right of use assets and lease liabilities**

A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

**Emaar India Limited**

**CIN: U45201DL2005PLC133161**

**Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023**

**(Amount in Rupees million, unless otherwise stated)**

*Classification of leases*

The Company enters into leasing arrangements for various assets. The assessment of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to extend/purchase etc.

*Recognition and initial measurement*

At lease commencement date, the Company recognises a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

At lease commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Company's incremental borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments) and variable payments based on an index or rate. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

*Subsequent measurement*

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

The Company has elected to account for short-term leases using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in statement of profit and loss on a straight-line basis over the lease term.

Further, the Company has also elected to apply another practical expedient whereby it has assessed all the rent concessions occurring as a direct consequence of the COVID-19 pandemic, basis the following conditions prescribed under the standard:

1. the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
2. any reduction in lease payments affects only payments originally due on or before the 30 June 2022; and
3. there is no substantive change to other terms and conditions of the lease.

If all the rent concessions meet the above conditions, then, the related rent concession has been recognised in statement of profit and loss.

**c. Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are charged to statement of profit and loss in the period in which they occur. Borrowing costs consist of interest and other borrowing costs that an entity incurs in connection with the borrowing of funds.

**f. Impairment of non-financial assets**

At each reporting date, the Company assesses whether there is any indication that an asset may be impaired, based on internal or external factors. If any such indication exists, the recoverable amount of the asset or the cash generating unit is estimated. If such recoverable amount of the asset or cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Impairment losses previously recognized are accordingly reversed in the statement of profit and loss.

**g. Inventories**

Inventory comprises of land, developed properties and real estate properties under development.

- (i) Land is valued at lower of cost and net realisable value. Cost includes acquisition of land/development rights cost, borrowing costs if inventurisation criteria are met and other directly attributable costs.
- (ii) Developed properties are valued at lower of cost and net realizable value. Cost includes cost of land/land development rights, materials, services, borrowing costs and other related overheads, incurred in bringing the inventories to their present location and condition.
- (iii) Real estate properties under development are valued at lower of cost and net realizable value. Cost includes land and cost of land/land development rights, materials, services, borrowing costs and other related overheads. Cost incurred/items made specifically for properties are taken as consumed as and when incurred/received.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs of necessary to make the sale.

**h. Revenue recognition**

Revenue is recognised when control is transferred and is accounted net of rebate and taxes. The Company applies the revenue recognition criteria to each nature of the revenue transaction as set out below.

*Revenue from sale of properties and developed plots*

Revenue from sale of properties is recognized when the performance obligations are essentially complete and credit risks have been significantly eliminated. The performance obligations are considered to be complete when control over the property has been transferred to the buyer i.e. offer for possession (possession request letter) of properties have been issued to the customers and substantial sales consideration is received from the customers.

The Company considers the terms of the contract and its customary business practices to determine the transaction price. The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring property to a customer, excluding amounts collected on behalf of third parties (for example, indirect taxes). The consideration promised in a contract with a customer may include fixed consideration, variable consideration (if reversal is less likely in future), or both.

For each performance obligation identified, the Company determines at contract inception whether it satisfies the performance obligation over time or satisfies the performance obligation at a point in time. If an entity does not satisfy a performance obligation over time, the performance obligation is satisfied at a point in time. A receivable is recognised by the Company when the control is transferred as this is the case

of point in time recognition where consideration is unconditional because only the passage of time is required.

When either party to a contract has performed, an entity shall present the contract in the balance sheet as a contract asset or a contract liability, depending on the relationship between the entity's performance and the customer's payment.

The costs estimates are reviewed periodically and effect of any change in such estimate is recognized in the period such changes are determined. However, when the total estimated cost exceeds total expected revenues from the contracts, the loss is recognized immediately.

*Revenue from joint development agreement (JDAs)*

JDAs entered into with developers for the exchange of land against consideration in the form of property or development rights are treated as exchange of dissimilar goods and are accounted for at fair value. The revenue arising out of the same is measured at the fair value of the goods received. When the fair value of the goods received cannot be measured reliably, the revenue is measured at the fair value of the goods given up. Further, revenue in case of JDAs entered into with developers for exchange of land against consideration in form of cash is measured at equivalent fair value and recognised in accordance with the terms of the agreements.

*Revenue share from collaboration agreements*

Revenue from collaboration agreements is recognized as and when services are rendered, in accordance with the terms of the agreements entered with the collaborators, based on the percentage share of gross revenue of the collaborators.

*Income from compulsory acquisition of land/exchange of land*

Income in respect of compulsory acquisition (both original and enhanced compensation) of land by the Government is recognised upon receipt of compensation order from the Government or Court at an amount equivalent to gross amount received/receivable, net of the cost of the land acquired by the Government. Further, revenue in case of land exchange transactions is measured at the fair value of the land parcels received and recognised as per terms of agreement, net of the cost of land exchanged.

*Claim income*

The Company, its ultimate holding company (Emaar Properties PJSC), MGF Developments Limited ('MGF') and other parties had entered into certain indemnity agreement(s), which entitled the Company to raise indemnity claims on MGF, Mr. Shravan Gupta and their group companies in respect of certain expenses/losses incurred by the Company. In terms of the said indemnity agreements, the Company has raised various claims during the year and recognised income accordingly. For details, refer note 32(c)(iii).

*Interest on delayed payments, forfeiture income, transfer fees and holding charges*

Revenue is recognised as and when extent certainty of payments/realisation is established in relation to such income.

*Revenue from golf course and club operations*

Revenue is recognized as and when services are completely rendered and right to receive money has been established, except in cases where ultimate collection is considered doubtful.

*Other interest income*

For all other instruments which are measured at amortised cost, interest income is recorded using the effective interest rate ('EIR').

*Dividend income*

Revenue is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

**i. Foreign currency**

*Functional and presentation currency*

The financial statements are presented in Indian Rupee (Rs.) which is also the functional and presentation currency of the Company.

*Transactions and balances*

Transactions in foreign currencies are initially recorded by the Company at functional currency spot rates at the date the transaction first qualifies for recognition.

Foreign currency monetary items are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

**j. Cash and cash equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand, cheques on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flow, cash and cash equivalents consist of cash, bank balance and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

**k. Taxes**

*Current income tax*

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted in India, at the reporting date.

Current income tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (either in other comprehensive income ('OCI') or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets is offset against current tax liabilities if, and only if, a legally enforceable right exists to set off the recognised amounts and there is an intention either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

*Deferred tax*

Deferred tax is recognised on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

**Emaar India Limited**

**CIN: U45201DL2005PLC133161**

**Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023**

**(Amount in Rupees million, unless otherwise stated)**

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (either in OCI or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

**1. Employee benefits**

*Defined contribution plan*

The Company's contribution to provident fund is charged to the statement of profit and loss or inventorized as a part of real estate properties under development, as the case may be. The Company's contributions towards provident fund are deposited with the regional provident fund commissioner under a defined contribution plan.

*Defined benefit plan*

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. Gratuity is a defined benefit obligation. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method. Re-measurements comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to statement of profit or loss in subsequent periods.

*Other long-term employee benefits*

The Company also provides benefit of compensated absences to its employees which are in the nature of long-term employee benefit plan. Liability in respect of compensated absences becoming due and expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method as on the reporting date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recorded in the statement of profit and loss in the year in which such gains or losses arise.

*Short-term employee benefits*

Short-term employee benefits comprise of employee costs such as salaries, bonus etc. is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

**m. Provisions, contingent liabilities and contingent assets**

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material. Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company; or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are disclosed only when inflow of economic benefits therefrom is probable and recognized only when realization of income is virtually certain.

**n. Earnings per share**

Basic earnings per equity share are computed by dividing net profit after tax for the year attributable to equity shareholders by the weighted average number of equity shares (including number of equity shares that are issuable on the conversion of mandatorily conversion of instruments) outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**o. Investments**

Investment in equity instruments of subsidiaries and joint ventures are measured at cost as per Ind AS 27 'Separate Financial Statements'.

**p. Impairment of financial assets**

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets. The Company factors historical trends and forward-looking information to assess expected credit losses associated with its assets and impairment methodology applied depends on whether there has been a significant increase in credit risk.

*Trade receivables*

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

*Other financial assets*

In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition, if the financial asset is determined to have low credit risk at the balance sheet date.

**q. Financial instruments**

**Non-derivative financial assets**

*Recognition and initial measurement*

All financial assets are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial asset is also adjusted.

**Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023**

**(Amount in Rupees million, unless otherwise stated)**

*Subsequent measurement*

**Debt instruments at amortised cost** – A ‘debt instrument’ is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (‘SPPI’) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

**Equity investments** – All equity investments in scope of ‘Ind AS 109 Financial Instruments’ (‘Ind AS 109’) are measured at fair value. Equity instruments which are held for trading are generally classified as at fair value through profit and loss (FVTPL). For all other equity instruments, the Company decides to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit and loss (FVTPL).

**Mutual funds** – All mutual funds in scope of Ind AS 109 are measured at fair value through profit and loss (FVTPL).

*De-recognition of financial assets*

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset measured at amortized cost (or, depending on the business model, at fair value through other comprehensive income).

**Non-derivative financial liabilities**

*Recognition and initial measurement*

All financial liabilities are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted.

*Subsequent measurement*

Subsequent to initial recognition, financial liabilities are measured at amortised cost using the effective interest method.

*De-recognition of financial liabilities*

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability measured at amortized cost (or, depending on the business model, at fair value through other comprehensive income). The difference in the respective carrying amounts is recognised in the statement of profit and loss.

**Financial guarantees**

Financial guarantee contracts are recognised as financial liability at the time guarantee is issued. The liability is initially measured at fair value and subsequently measured at higher of:

- The amount of loss allowance (calculated as described in policy for impairment of financial assets); or

- The amount initially recognised less, where appropriate, cumulative amount of income recognised in accordance with principles of Ind AS.

### **Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

## **2.3 Recent accounting pronouncements issued but not made effective**

### **Amendment to Ind AS 1 Presentation of financial statements**

The Ministry of corporate affairs (MCA) vide notification dated 31<sup>st</sup> March 2023, has issued amendments to Ind AS 1, providing guidance to help entities meet the accounting policy disclosure requirements. The amendments aim to make accounting policy disclosures more informative by replacing the requirement to disclose 'significant accounting policies' with 'material accounting policy information'. The amendments also provide guidance under what circumstance, the accounting policy information is likely to be considered material and therefore requiring disclosure. The amendments are effective for annual reporting periods beginning on or after 01 April 2023. The Company is currently revisiting its accounting policy information disclosures to ensure consistency with the amended requirements.

### **Amendments to Ind AS 8 Accounting policies, changes in accounting estimates and errors**

The Ministry of corporate affairs (MCA) vide notification dated 31<sup>st</sup> March 2023, has issued amendment to Ind AS 8, which added the definition of accounting estimates, clarifies that the effects of a change in an input or measurement technique are changes in accounting estimates, unless resulting from the correction of prior period errors. These amendments clarify how entities make the distinction between changes in accounting estimate, changes in accounting policy and prior period errors. The distinction is important, because changes in accounting estimates are applied prospectively to future transactions and other future events, but changes in accounting policies are generally applied retrospectively to past transactions and other past events as well as the current period. The amendments are not expected to have a material impact on the Company's financial statements."

### **Amendments to Ind AS 12 Income taxes**

The Ministry of corporate affairs (MCA) vide notification dated 31<sup>st</sup> March 2023, has issued amendment to Ind AS 12, requires entities to recognise deferred tax on transactions that, on initial recognition, give rise to equal amounts of taxable and deductible temporary differences. They will typically apply to transactions such as leases of lessees and decommissioning obligations and will require the recognition of additional deferred tax assets and liabilities.

The amendment should be applied to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, entities should recognise deferred tax assets (to the extent that it is probable that they can be utilised) and deferred tax liabilities at the beginning of the earliest comparative period for all deductible and taxable temporary differences associated with:

**Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023**

**(Amount in Rupees million, unless otherwise stated)**

- right-of-use assets and lease liabilities, and
- decommissioning, restoration and similar liabilities, and the corresponding amounts recognised as part of the cost of the related assets.

The cumulative effect of recognising these adjustments is recognised in retained earnings, or another component of equity, as appropriate. Ind AS 12 did not previously address how to account for the tax effects of on-balance sheet leases and similar transactions and various approaches were considered acceptable. The amendments are not expected to have a material impact on the Company's financial statements."

## **2.4 Significant accounting judgments and estimates**

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these judgements, assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

### **Impairment of non-financial assets**

The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

### **Impairment of financial assets**

The Company estimates the recoverable amount of trade receivables and other financial assets where collection of the full amount is expected to be no longer probable. For individually significant amounts, this estimation is performed on an individual basis considering the length of time past due, financial condition of the counter-party, impending legal disputes, if any and other relevant factors.

### **Cash flow projections**

The Company has prepared these financial statements on going concern basis assuming that it will be able to continue its operations for next one financial year. In making this assumption, the management has made certain projections relating to cash collections from various properties, fund requirements, asset base, etc. for the next one financial year.

### **Recognition of deferred tax assets**

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized.

### **Provisions**

At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

### **Contingencies**

In the normal course of business, contingent liabilities may arise from litigation, taxation and other claims against the Company. A tax provision is recognised when the Company has a present obligation as a result of a past event; it is probable that the Company will be required to settle that obligation. Where it is management's assessment that the outcome cannot be reliably quantified or is uncertain the claims are disclosed as contingent liabilities unless the likelihood of an adverse outcome is remote. Such liabilities are disclosed in the notes but are not provided for in the financial statements. When considering the classification of a legal or tax cases as probable, possible or remote there is judgement involved. This pertains to the application of the legislation, which in certain cases is based upon management's interpretation of country specific tax law, in particular India, and the likelihood of settlement. Management consults in-house and external legal professionals to inform their decision.

**CIN: U45201DL2005PLC133161**

**Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023**

**(Amount in Rupees million, unless otherwise stated)**

Although there can be no assurance regarding the final outcome of the legal proceedings, the Company does not expect them to have a materially adverse impact on the Company's financial position or profitability.

#### **Leases**

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

#### **Revenue and inventories**

The estimates around total project wise budgeted costs are reviewed periodically basis outcomes of underlying construction and service contracts, which further require estimates to be made for changes in work scopes, claims (compensation, rebates, etc.), the cost of meeting other contractual obligations to the customers and other payments to the extent they are probable, and they are capable of being reliably measured. For the purpose of making these estimates, the Company uses the available contractual and historical information and also its expectations of future costs. Additionally, the estimates of the saleable area are also reviewed periodically and effect of any changes in such estimates is recognised in the period such changes are determined.

#### **Assessment of operating cycle**

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has determined its operating cycle as sixty months for real estate development business and as twelve months for leisure and hospitality business, having regard to the nature of business being carried out by the Company. The same has been considered for classifying project related assets and liabilities as 'current' and 'non-current' while preparing the financial statements.

#### **Useful lives of depreciable/amortisable assets**

Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utilisation of assets.

#### **Fair value measurement**

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

#### **Defined benefit obligation (DBO)**

Management's estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

## 32. Commitments and contingencies

### a) Commitments

#### (i) Capital commitments

- Estimated amount of contract remaining to be executed on capital account and not provided for (net of advances) is Rs. 118.62 (31 March 2022: Rs. 143.69).

#### (ii) Other commitments

- The Company has entered into certain agreements with Joint Development Agreement (JDA) partners to develop properties on such land and operate such properties. In lieu of the same, the Company has agreed to share certain percentage of future revenues/area arising from the same to these parties.
- The Company has undertaken to provide continued financial support to certain subsidiaries as and when required.

### b) Contingent liabilities

#### Claim against the Company not acknowledged as debts

- (i) The Company has received a demand notice of Rs. 7.15 including interest on account of various additions to the income-tax return filed for the Assessment Year 2006-07 and penalty of Rs. 26.80, which has been adjusted against subsequent tax refunds. The said demand of Rs. 7.15 was reduced to Rs. 0.75 including interest by CIT (Appeals). Both the tax department and the Company have filed an appeal with the Income Tax Appellate Tribunal (ITAT) against the order of CIT (Appeals). Further, ITAT had set aside all above matters and has referred back the same to Assessing Officer for fresh assessment. Further, the penalty demand of Rs. 26.80 has been deleted by CIT (Appeals). Based on the legal advice received and internal assessment, the management is hopeful of a favorable outcome.
- (ii) On 19 June 2014, the Company was subjected to search and seizure operation under section 132 of the Income Tax Act, 1961. The Company also received the notice under section 153A/143(3) of the Act for Assessment Year 2009-10 to Assessment Year 2015-16 on 3 February 2015 to file the Income Tax Return (ITR) within 30 days of receipt of notice. The Company duly filed the IT under section 153A for the Assessment Year 2009-10 to Assessment Year 2014-15 within stipulated time mentioned in the notice.

On 28 December 2016, the Company has received assessment orders under section 153A/143(3) for Assessment Year 2009-10 to Assessment Year 2015-16, whereby the Assessing Officer has made disallowances on certain matters amounting to Rs. 4,506.58. The said disallowances resulted in reducing the brought forward business losses and capital losses of the Company, however, did not have any impact on the normal tax liability of the Company. Further, due to the aforesaid assessments, the Assessing Officer has computed additional MAT liability of Rs. 63.64 (including interest of Rs. 28.48) for Assessment year 2010-11. The Company based on its assessment is of the view that the said demand would not sustain, and no additional liability would devolve on the Company.

Accordingly, the Company has filed an appeal before CIT (Appeals) for the Assessment Years 2009-10 to 2015-16 with respect to the above-mentioned disallowances and received partial favorable order from CIT(A) for the Assessment Year 2009-10 to Assessment Year 2015-16 giving the relief amounting to Rs. 3,215.35 further reducing the disallowances to Rs. 1,291.23. For the remaining disallowances, the Company has filed an appeal before ITAT for the Assessment Year 2009-10 to 2015-16, the case is yet to be listed for hearing. Also, Department has also filed an appeal before ITAT for the disallowances in which CIT (Appeals) has given relief to the Company and the case is yet to be listed for hearing.

Further, the Company has received penalty demand for Assessment Year 2013-14 in which an addition is made for Rs. 17.69 and tax demand for Rs. 5.74. The Company has filed an appeal before CIT (Appeals) and the CIT (Appeals) has passed an order dismissing the company's appeal. The company is in process of filing an appeal to ITAT against the CIT (A) order.

Based on the legal advice received and internal assessment, the management is hopeful of a favorable outcome.

- (iii.) Director General of Goods and Services Tax Intelligence ('DGGSTI'), Delhi Zonal, earlier Directorate General of Central Excise Intelligence ('DGCEI') has issued Show Cause Notice ('SCN') dated 21 March 2018 to the Company and its land-owning companies proposing demand of service tax of Rs. 493.04 (includes Rs. 68.70 upon the Company) on transfer of land development rights for the period from 1 July 2012 to 30 June 2017. The Company has transactions of development rights both with group companies, as well as, with outside parties. The Company had deposited service tax amounting to Rs. 47.20 (includes Rs. 42.20 through Cenvat Credit deposited by the Company) on the transaction of land development rights. The Adjudicating Authority has deferred its decision owing to appeal filed by department itself in Higher Judicial forum on same issue. Based on the legal advice received and internal assessment, the management is hopeful of a favorable outcome.
- (iv.) The Company has received a Demand Show Cause Notice ('SCN') dated 27 April 2018 from the Principal Commissioner, Central Goods and Services Tax ('CGST'), Delhi-South, proposing to levy service tax amounting to Rs. 505.51 (excluding interest and penalty) for the financial years from 2012-13 to 2015-16, on income from termination of collaboration agreement; forfeiture of customer's advances; external development charges/infrastructure development charges ('EDC/IDC') charges collected from customers and income from sale of developed plots. The department's contention is that after the negative list i.e., from 1 July 2012, the amount collected from customers under any head is liable to service tax. Another follow-on SCN dated 16 April 2019 demanding service tax of Rs. 155.38 (excluding interest and penalty) for the subsequent period i.e. 1 April 2016 to 30 June 2017 has also been received on 23 April 2019. The Company has submitted its reply to SCN and on follow-on SCN to the adjudicating authority. Final hearing conducted but no order passed as the Adjudicating Authority has decided to keep the order in-abeyance awaiting outcome of appeal filed by department itself in Higher Judicial forum on same issue. Based on the legal advice received and internal assessment, the management is hopeful of a favorable outcome.
- (v.) In historical years, the Company has received assessment orders/notice of demand under section 15(3) of the Haryana Value Added Tax Act, 2003 ('HVAT') of Rs. 1,010.75, Rs. 464.03, Rs. 141.29 and Rs. 107.71 (including interest) for the financial year 2014-15, 2015-16, 2016-17 and 2017-18 respectively for levy of works contract tax, in respect of development and construction of residential and commercial properties for prospective buyers. Such an excessive and unreasonable demand has been raised on account of faulty Rule 25. Interim stay for all the impugned orders have been granted by the Hon'ble Punjab and Haryana High Court. However, the Company has deposited Rs. 41.83, Rs. 12.52, Rs. 35.26 and Rs. 14.66 for the financial years 2014-15, 2015-16, 2016-17 and 2017-18 respectively under protest, calculated on the basis of purchase method and based on contractual terms with customers the same has been treated as recoverable in these financial statements. Based on the legal advice received and internal assessment, the management is hopeful of a favorable outcome at the forum, at which this is pending.
- (vi.) During the year ended 31 March 2023, Company has received assessment order/notice of demand under section 29(2) of the Punjab Valued Added Tax Act 2005 (PVAT) & under section 9(3) of the Central Sales Tax Act 1956 for Rs. 22.88 and Rs. 8.97, (including interest) for the financial year 2014-15 and 2015-16 respectively for levy of Works Contract Tax, in respect of development and construction of residential and commercial properties for prospective buyers. Such an excessive and unreasonable demand has been raised on account of faulty Rule 15. However, Company has deposited Rs. 5.72 and Rs. 2.25 for the financial years 2014-15 and 2015-16 respectively under protest. Company has filed an appeal against these orders before the DETC (Appeal) Mohali. Based on the legal advice received and internal assessment, the management is hopeful of a favorable outcome at the forum, at which this is pending.
- (vii.) During the previous year ended 31 March 2021, National Anti-Profitteering Authority ('NAA') passed orders alleging that the Company had undertaken profiteering activities on two projects, namely, Emerald Estate and Emerald Hills amounting to Rs. 133.57 and Rs. 192.30 respectively and therefore is liable to pass on such amount to its flat buyers together with interest thereon. The matter was contested on multiple grounds before the NAA including but not limited to, inconsistencies in calculation of profiteering by Director General of Anti-profitteering ('DGAP'), non-consideration of actual benefit passed on to customers etc. but was rejected by NAA. The Company has already passed benefit of Rs. 75.11 and Rs 110.42 to various flats buyers in Emerald Estate and Emerald Hills respectively, however the fact was rejected by NAA while passing the above orders. Further, NAA directed the DGAP to investigate the issue of passing on the benefit of additional input tax credit in respect

of 24 other projects of the Company. The Company has filed a writ petition against this said order before the Hon'ble High Court, New Delhi and is hopeful of a favorable outcome based on the legal advice. The Company has deposited Rs. 44.1 million on 25 April 2022 as pre-deposit on the direction from Delhi High Court.

- (viii.) Director General of Goods and Services Tax Intelligence ('DGGSTI'), Amritsar Regional Unit, has issued a Form DRC-01 Show Cause Notice ('SCN') dated 29 March 2023 to the Company proposing demand of GST of Rs. 0.83 for the FY 2018-19 on account of availing ineligible Input Tax Credit on a tax invoice from a supplier who had subsequently become untraceable. The Company has deposited full GST of Rs. 0.83 plus applicable interest under protest. The reply shall be filed before the Adjudicating Authority in due course. Based on the legal advice received and internal assessment, the management is hopeful of a favorable outcome.
- (ix.) There are various claims against the Company, other than customers aggregating to Rs. 208.26 (31 March 2022: Rs. 208.26), against which the Company is in litigation, against which no material liability is expected.
- (x.) In December 2009, the Company and certain of its directors, employees, an independent real estate broker of the Company and other persons were subjected to search and seizure operations conducted by the Enforcement Directorate under Section 37 of the Foreign Exchange Management Act, 1999, as amended ('FEMA'), read with Section 132 of the Income-tax Act, 1961. During the search at the Company's offices, the Enforcement Directorate took custody of certain documents and recorded the statements of certain directors/officers of the Company. Subsequently, the Enforcement Directorate had also sought further information/documents and explanations from time to time, which were duly furnished by the Company.

Pursuant to the aforementioned search and seizure operations, a complaint was filed by the Assistant Director, Enforcement Directorate under Section 16(3) of FEMA on 17 May 2013, and subsequently the Enforcement Directorate, on 4 June 2013, issued Show Cause Notices ('SCN') under FEMA to the Company, some of its directors and its four subsidiaries namely Accession Buildwell Private Limited, Emaar MGF Construction Private Limited, Shrestha Conbuild Private Limited and Smridhi Technobuild Private Limited (hereafter referred as 'subsidiaries'). The SCN alleges contravention of the provisions of Section 6(3) (b) of FEMA read with provisions relating to receipt of Foreign Direct Investment ('FDI') in construction development projects and the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000, by the Company and the said subsidiaries, by utilizing the FDI aggregating to approximately Rs. 86,000.00 (including Rs. 75,645.80 in respect of the Company) in purchase of land, including agricultural land. The Enforcement Directorate has also initiated Adjudication Proceedings in the said matter.

On 8 January 2014, the Company and its subsidiaries have filed its replies to the SCN with the Enforcement Directorate and have also challenged initiation of Adjudication Proceedings against the Company and its subsidiaries. The Company, basis available legal opinions and clarifications obtained from the Reserve Bank of India and Department of Industrial Policy and Promotion (Government of India), believes that the purchase of land, including agricultural land, for the conduct of its business of construction and development is in compliance of applicable provisions of law, including the FEMA and FDI.

Further, on 8 April 2014, the Adjudicating Authority directed the Enforcement Directorate to provide certain documents to the Company. The Enforcement Directorate vide its letter dated 22 July 2015 had asked the Company to take the documents from the office of the relevant Enforcement Directorate department and the Company had vide its letter dated 6 August 2015 requested the relevant department to provide the requisite documents, which the Company is yet to receive. While the last hearing before the Adjudicating Authority was fixed for 1 March 2019, no proceedings took place on the said date and no further hearing date was fixed. Further, no formal demand has been received by the Company till date. Accordingly, in management's assessment, no adjustment is required to be made in these financial statements.

- (xi.) As at 31 March 2023, the Company has investments of Rs. 362.78 (31 March 2022: Rs. 362.78) in the form of equity share capital in one of its subsidiary company, Emaar MGF Construction Private Limited ('EMCPL') and a recoverable of Rs. 810.69 (31 March 2022: Rs. 788.50).

EMCPL is under various litigations with respect to the Commonwealth Games (CWG) Village project undertaken by it, including with –

- Delhi Development Authority (DDA) under Project Development Agreement for the development and construction of the project, whereby EMCPL has raised claims over DDA aggregating to Rs. 14,182.38 (31 March 2022: Rs. 44,182.38), against which DDA has raised counter claims aggregating to Rs. 14,460.44 (31 March 2022: Rs. 14,460.44) on EMCPL. DDA is also alleging extra usage of Floor Area Ratio (FAR) by EMCPL; and

- M/s Ahluwalia Contracts (India) Limited, contractor appointed for the construction of the project, wherein claims by the contractor and counter claims by EMCPL aggregating to Rs. 5,280.00 (including interest) (31 March 2022: Rs. 5,280.00 (including interest)) and Rs. 11,702.55 (31 March 2022: Rs. 11,702.55) respectively are pending for decision with the arbitration tribunal.

Based on the legal advice received and internal assessments, the management believes that the allegations/matters raised above are untenable and contrary to the factual position.

The auditors have expressed an emphasis of matter on the same.

(xii.) The Company, vide a Development Agreement dated 3 November 2006 (subsequently amended by the agreement dated 25 July 2007) entered into with Emaar Hills Township Private Limited ("EHTPL"), had undertaken the development of land in Hyderabad, which was sold to EHTPL by Andhra Pradesh Industrial Infrastructure Corporation through a duly registered Conveyance Deed dated 28 December 2005. The Company also, vide Assignment Deed dated 3 November 2006 entered into with Boulder Hills Leisure Private Limited ("BHLPL"), had undertaken the development and operation of a 'Golf Course' in Hyderabad. The Company, EHTPL and BHLPL have been subjected to litigations relating to the allegations of irregularities in assignment of development rights in the project land, notice for termination of project, notice for termination of development agreement by one of the shareholders of the development partner, stoppage of registration of properties in the project, etc. Further, in one of the matters mentioned herein, Central Bureau of Investigation has filed charge sheets against various persons, including the Company, its former Managing Director and certain officers of the Company. Based on the investigation of Central Bureau of Investigation, Directorate of Enforcement registered ECIR No.08/HZO/2011 dated 30.08.2011. The Directorate of Enforcement subsequently filed a complaint/charge sheet before the Special Judge for CBI cases against several persons/ corporate bodies, including the Company and its certain officers. Under the said Directorate of Enforcement matter, certain properties of the Company have been attached by Directorate of Enforcement. The Company has assets and liabilities of Rs. 4,292.68 (31 March 2022 - Rs. 4,280.48) and Rs. 1,261.90 (31 March 2022 - Rs. 1,434.96) respectively. The matters mentioned herein are pending with judicial authorities at various levels. Based on the legal advice received and internal assessments, the management believes that the allegations/matters raised above are untenable and contrary to the factual position. The auditors have expressed an emphasis of matter on the same.

TSIIC has filed a Petition before the National Company Law Tribunal, Hyderabad Bench ("NCLT") against EHTPL and certain other parties under Sections 241 and 242 of the Companies Act 2013 ('the Act'). The Company has also been made respondent in the said proceedings. The said Petition has been challenged by EHTPL on the preliminary ground that TSIIC has no locus standi to file the petition against EHTPL as it is not a recorded shareholder and APIIC continues to be named as shareholder in the Statutory Register of Members of EHTPL as maintained in terms of the provisions of the Act. Management believes that since the factual position with respect to demerger proceedings between State of Andhra Pradesh and State of Telangana and consequent apportionment of assets and liabilities between APIIC and TSIIC has not been completed and are still pending, therefore TSIIC has no locus standi to file the petition. Accordingly, the management believes that the petition filed by TSIIC is not tenable. However, vide order dated July 25, 2022, the maintainability issue has been decided by NCLT in favour of TSIIC and further NCLT has restrained EHTPL's majority shareholders and their representatives from dealing with the assets and properties of EHTPL. Further, on the appeal filed against NCLT order dated July 25, 2022, the Hon'ble National Company Law Appellate Tribunal, Chennai ("NCLAT") vide its Judgement dated October 10, 2022 has upheld NCLT order dated July 25, 2022 on maintainability and restraining order. However, the other relief granted by NCLT regarding compensation for financial losses incurred by Government of Telangana / TSIIC, till date has been set-aside. The said Judgment dated October 10, 2022 passed by the NCLAT was challenged before the Supreme Court, which vide its Order dated November 28, 2022 held that it is not inclined to interfere with the Judgment dated October 10, 2022 and the party aggrieved may challenge the preliminary issues already decided in the first instance before the Supreme Court once the

entire case is heard and decided on merits. The TSIIC Petition under Sections 241 and 242 of the Act is now sub-judice before the NCLT and counters are filed. Based on the legal advice received and internal assessments, EHTPL has moved a separate application under Section 8 of the Arbitration & Conciliation Act, 1996 in the pending matter before the NCLT on the grounds that the grievances raised by TSIIC are alleged violations of certain contractual clauses contained in the Shareholders Agreement and/or the said Collaboration Agreement which have an agreed mechanism of redressal of disputes by way of arbitration, therefore, the present dispute ought to be referred to arbitration. This application is pending for hearing and TSIIC is yet to file its counter.

Regarding the liabilities related to matters stated in note 32 (b) above, the Company believes that the matters are possible but not probable, that outflow of economic resources are required, and hence no provision has been made in these financial statements.

### c) Other litigations

- (i) On 19 November 2019, Emaar Holding II, shareholder and promoter of the Company, filed a petition under Section 241 of Act, before the Hon'ble National Company Law Tribunal ('NCLT'), New Delhi, seeking relief against MGF Developments Limited, Mr. Shravan Gupta, Ms. Shilpa Gupta and its connected entities (MGF Group). Emaar Holding II has, inter-alia, prayed to NCLT to direct MGF Group to compensate the Company and Emaar Holding II to the extent of loss caused due to their certain acts and transactions along with interest, from the date of respective loss. MGF Group had also filed its reply and thereafter both parties have filed rejoinders. The Company has also filed criminal complaints against MGF and its associates, in respect of certain matters referred to in Section 241 petition filed by Emaar Holding II. As the matters are currently sub-judice, any impact of the same on the financial statements is not ascertainable at this stage.
- (ii) The National Company Law Tribunal (NCLT) vide its order dated 16 July 2018 had approved the scheme of arrangement (Demerger) between the Company and MGF Developments Limited (MGF) and the same was filed with the Registrar of Companies on 31 July 2018. The said Scheme is effective from the appointed date of 30 September 2015. On 3 June 2019, MGF had filed an application before the NCLT under Section 231 of the Act, 2013 for enforcement of the Scheme. NCLT vide its order dated 19 November 2019, directed the Company and MGF to mediate the matter before former Supreme Court Judge, Justice D.K. Jain ("Mediator"), and for the Mediator to suggest ways and means for implementation of Scheme by the parties. Pursuant to such appointment of Mediator, the NCLT disposed-off the said Section 231 application filed by MGF. During the mediation process, the Company informed the Mediator that MGF has invoked arbitration proceedings raising various disputes under demerger arrangement before the International Court of Arbitration, International Chamber of Commerce ('ICC'), London, as referred in Note No. (iii) below. The Company further informed the Mediator that there will be an overlap of arbitration proceedings and the mediation process, hence, the mediation proceedings be terminated. In view of the same, the Mediator vide its order dated 27 January 2020 closed the mediation proceedings, with liberty to the parties to revive the same, as and when considered necessary. Thereafter, MGF again filed an application under section 231 of the Act for implementation of the Scheme and the matter is currently sub-judice before NCLT.
- (iii) The Company, its Ultimate Holding Company ('Emaar Properties PJSC'), MGF Developments Limited ('MGF') and other parties had entered into certain indemnity agreement(s), which entitled the Company to raise indemnity claims on MGF, Mr. Shravan Gupta and their group companies in respect of certain expenses/losses incurred by the Company. As per the terms of indemnity agreement(s), if MGF does not settle such indemnity claims within ten days from the date of receipt, the Company or its land-owning subsidiaries may unilaterally settle such claims by, inter-alia, terminating the development rights of certain land parcel(s) which were earlier transferred to MGF pursuant to the Demerger order dated 16 July 2018. Pursuant to the above, the Company had raised various claims, which MGF had failed to settle. In view of the same, the Company has enforced some of such indemnity claims.

During the previous years, MGF had disputed indemnity claims/enforcement and filed the Request for Arbitration ('RFA') on 22 December 2019 to the International Court of Arbitration, International Chamber of Commerce ('ICC'), London. The RFA, inter-alia, also requested for resolution of disputes by arbitration over various matters pertaining to demerger arrangement between the parties, including the said indemnity agreements. The Arbitral Tribunal was constituted and on 21 April 2020, MGF also filed an Application for Temporary

The Arbitral Tribunal was constituted and on 21 April 2020, MGF also filed an Application for Temporary Restraining Order & Interim Measures ('TRO') before the Arbitral Tribunal against the Company's unilateral settlement of various indemnity claims. After hearing both the parties, vide its order dated 15 May 2020, the Arbitral Tribunal dismissed MGF's TRO application and ordered that the Company should be free to exercise their contractual rights to enforce the security provided by MGF, by way of termination of development rights over certain land parcels, on the basis that damages will be an adequate remedy if the Company does so, in case of breach of said indemnity agreements. The Arbitral Tribunal further confirmed that, not only the Company may unilaterally settle indemnity claims, but also confirmed that there should be no restraint on alienation of the development rights in those assets. Thereafter, the parties have filed their claims and counter claims under the ongoing arbitration proceedings before ICC.

The Arbitral Tribunal has passed a Partial Award on 16 November 2022, wherein it has rejected the claim raised by MGF for loss of profits against the Company. Further, the Tribunal has also concluded on certain other claims and counter claims of both the parties and accordingly, the probable impact of the said award of Rs. 1,283.85 has been recorded in the books of the Company for the year ended 31 March 2023 as an exceptional item.

The Arbitral Tribunal has reserved the right to conclude on the pending claims and counter claims in the next phase of arbitration proceedings, which is expected to be concluded in December 2023. As the matter is currently sub-judice, any impact of the same on the financial results is not ascertainable at this stage and accordingly, the impact if any shall be accounted for once the matter is concluded. The auditors have expressed an emphasis of matter on the said matter.

- (iv.) The Hon'ble Supreme Court had, vide its judgment dated 9 August 2019 disposed off bunch of writ petitions and has upheld the constitutional validity of provisions inserted by the Insolvency and Bankruptcy Code (Second Amendment) Act, 2018 ("Code"). As a result, the homebuyers continued to be considered as financial creditor for the purposes of the said Code. However, pursuant to the Insolvency and Bankruptcy Code (Amendment) Ordinance, 2019 promulgated on 28 December 2019, the said Code was amended to provide minimum thresholds in case of real estate projects, that if an allottee wants to initiate the insolvency process, the application should be filed jointly by at least 100 allottees of the same real estate project, or 10% of the total allottees under that project, whichever is less. After promulgation of the Ordinance and thereafter the notification of Insolvency and Bankruptcy Code (Amendment) Act, 2020, a number of homebuyers had approached the Hon'ble Supreme Court by filing writ petitions challenging the said provisions of Ordinance to be ultra vires the Constitution of India and in violation of Articles 14 and 21 (Fundamental Rights). The Hon'ble Supreme Court had, in the matter titled 'Manish Kumar V. Union of India & Anr.' and other tagged matters vide its judgment dated 19 January 2021, upheld the constitutional validity of Insolvency and Bankruptcy Code (Amendment) Act, 2020. As a result, the homebuyers continued to be considered as financial creditor for the purposes of the said Code, however, now the homebuyers must meet the minimum thresholds. Based on the judgment of the Hon'ble Supreme Court, all the matters pending at NCLT, which does not meet requirements of the Code have been adjourned sine die.

Based on the developments and legal advice received, management is confident that no material liability will devolve in respect of Company matters pending before NCLT. Further, in the month of May 2021, 62 allottees of project "Imperial Garden" (580 residential units + 103 EWS units) had approached NCLT. The petition has been filed post offer of possession. Out of 62 allottees, more than 55 allottees have already sought and received possession and executed conveyance deeds. The Company has also received further enquiries from the remaining customers seeking possession and/or refund. Moreover, lately the view of the NCLT/NCLAT is CIRP should be Project based and be confined to the subject Project only, which in present case is a completed project. We have already filed a maintainability application before NCLT to challenge the very maintainability of this application, which is pending to be heard, although based on the recent developments and legal advice received, no material liability should devolve in respect of matters pending before NCLT.

- (v.) On 15 April 2022, MGF Developments Limited, Mr. Shravan Gupta and Ms. Shilpa Gupta have filed a petition (including interim application filed on January 28, 2023) under Sections 59, 241, 242 along with Section 213 read with 210 and other applicable provisions of Companies Act, 2013, before NCLT, New Delhi, seeking relief against the Company and certain other parties, alleging oppression and mismanagement by Emaar Properties PJSC, its associates and Group companies. Based on the legal advice received and internal assessments, the management believes that the allegations/matters raised in the petition are untenable and contrary to the

agreements and are governed by arbitration arrangement between the parties. The matter is currently sub-judice and accordingly, in management's assessment, no adjustment is required to be made in the books of accounts.

- (vi.) Loans and advances include amounts paid to certain parties directly or through the subsidiaries of the Company, for acquiring land/land development rights for development of real estate projects, either on collaboration basis or self-development basis. Of these, with respect to advances of Rs. 2,169.26 (31 March 2022: Rs. 2,169.26) for land or development rights associated with the land, the matters are currently under litigation for which necessary legal proceedings are on. Accordingly, in management's assessment, no adjustment is required to be made in these financial statements.

### **33. Employee benefit plan**

#### **Defined contribution plan**

The Company contributed a total of Rs. 37.41 during the year ended 31 March 2023 (31 March 2022: Rs. 33.64) to the defined contribution plan described below.

#### **Central provident fund**

In accordance with The Employees' Provident Funds & Miscellaneous Provisions Act, 1952 employees are entitled to receive benefits under the provident fund. Both the employee and the employer make monthly contributions to the plan at a predetermined rate (12% for fiscal year 2023 and 2022) of an employee's basic salary. All employees have an option to make additional voluntary contributions. These contributions are made to the fund administered and managed by the Government of India ('GOI'). The Company has no further obligations under the fund managed by the GOI beyond its monthly contributions which are charged to the statement of profit and loss in the period they are incurred.

#### **Defined benefit plan**

##### **Gratuity:**

The Company has a defined benefit gratuity plan for its employees. Under the plan, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age. The scheme is funded with an insurance Company in the form of qualifying insurance policy.

The Company is maintaining a fund with the Life Insurance Corporation of India ('LIC') to meet its gratuity liability. The present value of the plan assets represents the balance available with the LIC as at the end of the year. The total value of plan assets is as certified by the LIC.

The following tables summarize the components of net benefit expense recognized in the statement of profit or loss and the funded status and amounts recognized in the balance sheet for the gratuity plan:

	<b>Total projected benefit obligation at the end of the year</b>	<b>38.90</b>	<b>40.88</b>

**Risk analysis**

Company is exposed to a number of risks in the defined benefit plan. Most significant risks pertaining to defined benefits plan, and management's estimation of the impact of these risks are as follows:

**Interest risk**

A decrease in the interest rate on plan assets will increase the plan liability.

**Longevity risk/life expectancy**

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and at the end of the employment. An increase in the life expectancy of the plan participants will increase the plan liability.

**Salary growth risk**

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

**Investment risk**

The Gratuity plan is funded with Life Insurance Corporation of India (LIC). Company does not have any liberty to manage the fund provided to LIC. The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to Government of India bonds. If the return on plan asset is below this rate, it will create a plan deficit.

**34. Income-tax**

The Company had elected to exercise the option permitted under section 115BAA of the Income-tax Act, 1961 as introduced by the Taxation Laws (Amendment) Ordinance, 2019. Hence, the Company is in reduced tax bracket.

The Company is in losses and hence, it does not have any current tax expense. The major components of the reconciliation of expected tax expense based on the domestic effective tax rate of the Company at 25.168% and the reported tax expense in the statement of profit and loss are as follows:

**A reconciliation of income tax expense applicable to accounting loss before tax at the statutory income tax rate to recognized income tax expense for the year indicated are as follows:**

Particulars	31 March 2023	31 March 2022
Accounting profit/(loss) before tax	(1,186.78)	1,894.47
Statutory income tax rate (%)	25.168%	25.168%

Disallowable expenses	0.06	0.03
Losses (including unabsorbed depreciation) in respect of which deferred tax assets not recognized	298.63	(476.83)
<b>Tax charge for the year</b>	-	-

There are certain income-tax related legal proceedings which are pending against the Company. Potential liabilities, if any have been adequately provided for, and the Company does not currently estimate any probable material incremental tax liabilities in respect of these matters.

**Deferred tax assets (net):**

The Company has not recognized net deferred tax assets on deductible temporary differences as at 31 March 2023 and 31 March 2022 as there is no probability that taxable profit will be available against which the deductible temporary differences can be utilized. The tax effect of temporary differences, unused tax credits/unused tax losses are as under:

### 35. Expenditure on corporate social responsibility (CSR) activity

As per requirement of sub section 5 of section 135 of the Act, the Company was required to spend at least two percent of its average net profit for the three immediately preceding financial years. Since, the Company has been incurring losses in immediately three preceding financial years, therefore, the Company is not required to spend any amount during the current financial year towards CSR activities.

	11.	Mr. Bharat Bhushan Garg (Company Secretary)
--	-----	---

\* During the previous year, the Company has entered into share subscription agreement dated 25 May 2021 with external party for transfer of stake in Raksha Buildtech Private Limited ('RBPL') through fresh allotment of 90,000 equity shares and accordingly on 28 May 2021 (allotment date), shareholding of the Company has been reduced from 100% to 10% in RBPL. Thus, RBPL ceased to be subsidiary of the Company from the allotment date. During the year, the company transferred the remaining stake of 10% equity shares and as on 31 March 2023, investment reduced to NIL.

\$ With whom transactions have been entered during the year/previous year or where there are outstanding balances at the end of each reporting year.

^ The Company indirectly holds 50.00% of its equity share capital (31 March 2022: 50.00%) through its wholly owned subsidiaries namely, Enamel Propbuild Private Limited and Perch Conbuild Private Limited. The said subsidiaries holds 25.00% (31 March 2022: 25.00%) each of the equity share capital of the Leighton Construction (India) Private Limited.

#This is the principal place of business as well.

**Notes:**

- Investments in equity shares of subsidiaries and joint ventures which are measured at cost are not covered under Ind AS 107 and hence not been included above.
- The management assessed that fair value of financial assets such as cash and cash equivalent, other bank balances, trade receivables, other financial assets, loans etc. and all the financial liabilities (excluding non-current borrowings, lease liabilities and non-current interest accrued) significantly approximate their carrying amounts due to their short-term maturity profiles.
- All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:
  - Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
  - Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
  - Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.
- The following methods and assumptions were used to estimate the fair values:
  - Fair value of quoted mutual funds is based on the quoted net asset value as at the reporting date, a level 1 technique.
  - The fair value of unquoted instruments and other financial assets and liabilities is estimated either by reference to the carrying value as at the reporting date or by discounting future cash flows using rates currently applicable for debt on similar terms, credit risk and remaining maturities, a level 3 technique.

**38. Financial risk management objectives and policies**

The Company's business is subject to several risks and uncertainties including financial risks.

The Company's principal financial liabilities comprise of borrowings, trade and other payables, security deposits and employee liabilities. The main purpose of the Company's financial liabilities is to finance the acquisition and development of the Company's property portfolio. The Company's principal financial assets include loans and advances, trade and other receivables, and cash and short-term deposits that derive directly from its operations. The Company also holds short term investments in mutual funds.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management is guided by a risk management compliance policy that describes the key financial risks and the appropriate financial risk governance framework for the Company. Regular review of the policy by the Company's senior management ensures that the policies and procedures are in line and that financial risks are identified, measured and managed. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below.

**Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises following types of risk: interest rate risk, price risk and currency risk. Financial instruments affected by market risk include trade receivables, borrowings, bank deposits and investments measured at fair value through profit and loss. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimizing the return.

*Interest rate risk*

Interest rate risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of change in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term and short-term borrowings with floating interest rate.

During the last two financial years, the Company has not experienced significant increase (i.e., more than 200 basis points) in floating interest rates and therefore has not purchased any formal interest rate swaps and derivatives for the floating interest rate borrowings. The Company's treasury department manages the interest rate risk by regularly monitoring the requirement to hedge any of its floating interest rate debts.

As at 31 March 2023, approximately 62.27% of the Company's borrowing are at fixed rate of interest (31 March 2022: 40.50%).

The maximum exposure in relation to Company's floating rate borrowings is Rs. 29,209.51 million as at 31 March 2023 (31 March 2022: Rs. 38,897.31 million).

The below mentioned table demonstrates the sensitivity to a reasonably possible changes in interest rates, with all variables held constant, of the Company's profit before tax (through the impact on floating rate borrowings)

Particulars	Effect on profit/loss before tax	
	31 March 2023	31 March 2022
<b>Increase/decrease in basis points</b>		
+50	130.70	180.08
-50	(130.70)	(180.08)

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment.

*Price risk*

The Company's exposure to price risk arises from investments held and classified in the balance sheet either as fair value through other comprehensive income or at fair value through profit or loss. To manage the price risk arising from investments in such securities, the Company diversifies its portfolio of assets.

Sensitivity – Profit or loss and equity is sensitive to higher/lower prices of instruments as follows:

Particulars	31 March 2023	31 March 2022
Price increase by (2%)- FVTPL	10.68	2.00
Price decrease by (2%)- FVTPL	(10.68)	(2.00)

*Foreign currency risk*

Fluctuations in foreign currency exchange rates may have an impact on the statement of profit and loss, the statement of change in equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the Company. Considering the economic environment in which the Company operates, its operations are subject to risks arising from the fluctuations primarily in the AED against the functional currency of the Company:

Particulars	As at 31 March 2023			As at 31 March 2022	
	Foreign Currency	Foreign Currency	Amount (Rs. in million)	Foreign Currency	Amount (Rs. in million)
Foreign trade payables	AED (in million)	2.21	50.79	2.21	46.83
	USD (in million)	0.05	4.18	0.06	4.81
Foreign receivables	AED (in million)	8.92	193.79	1.91	38.24

The increase/(decrease) in foreign currency exchange rates are not expected to have any significant impact in these financial statements.

### Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables and advances given under collaboration agreement for land development).

#### *Concentration of credit risk*

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

In order to avoid excessive concentrations of risk, the Company's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

The carrying value of the financial assets represents the maximum credit exposure. The Company's maximum credit exposure to credit risk is Rs. 12,726.39 as at 31 March 2023 (31 March 2022: Rs. 12,892.62).

Regarding trade receivables, loans and other financial assets (both current and non-current), there were no indications as at 31 March 2023 and 31 March 2022, that defaults in payment obligations will occur except provision for impairment already recorded. The receivables/assets where the provision/impairment has been done are assessed to be carrying high credit risk.

#### *Trade receivables*

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the Company's customer base, including the default risk of the industry and country, in which customers operate, has less influence on credit risk. The Company earns its revenue from a large number of customers spread across a single geographical segment. Geographically, the entire Company's trade receivables are based in India.

The Company has entered into contracts for sale of residential and commercial units and plots of land on an installment basis. The installments are specified in the contracts. The Company is exposed to credit risk in respect of installment due. However, the legal ownership of residential, commercial units and plots of land is transferred to the buyer only after all installments are recovered. In addition, installment dues are monitored on an ongoing basis with the result that Company exposure to bad debts is not significant.

For trade and other receivables, an impairment analysis is performed at each reporting date that represents its estimate of expected losses in respect of trade receivables. The main components of this allowance are a specific loss component that relates to individually significant exposures and determined on specific assessment basis. The exposure to credit risk at reporting date is not significant.

Credit risk on receivables is limited as all sales are secured against Company's contractual right of forfeiture of customer's advances and cancellation of contract under which property is sold.

Moreover, given the nature of the Company's businesses, trade receivables are spread over a number of customers with no significant concentration of credit risk. No single customer accounted for 10% or more of revenue in any of the years presented. The history of trade receivables shows a negligible provision/impairment. Therefore, the Company does not expect any material risk on account of non-performance by any of the Company's counterparties.

#### *Loans, other financial assets and other bank balances*

Loans and other financial assets measured at amortized cost includes long-term bank deposits, security deposits and other bank balances. Credit risk related to these financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system are in place ensure the amounts are within defined limits. Credit risk is considered low because the Company is in possession of the underlying asset

(in case of security deposit) or as per trade experience. Further, the Company creates provision by assessing individual financial asset for expectation of any credit loss basis 12 month expected credit loss model.

#### Liquidity risk

Liquidity risk is the risk the Company will not be able to meet its financial obligation as they fall due. The Company monitors its risk of a shortage of funds using a fund management plan approved by the Board of Directors. The Company's strategy is to invest in highly liquid investments which can be encashed on demand. This plan considers the maturity of financial assets (e.g., trade receivables and other financial assets), business requirements and projected cash flow from operations and accordingly decisions regarding purchase and sale of highly liquid funds are made by the centralized Company treasury team.

The cash flows, funding requirements and liquidity of Company are monitored on a centralized basis under the control of Company treasury. The objective of this centralized system is to optimize the efficiency and effectiveness of the management of the Company's capital resources. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of short-term facilities, bank loans and debentures. Approximately 28.33% of the Company's debt will mature in less than one year at 31 March 2022 (31 March 2022: 51.29%) based on the carrying value of borrowings reflected in the financial statements. The Company has access to a sufficient variety of sources of funding and debt maturing within 12 months can be rolled over with existing lenders.

The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

As at 31 March 2023, the Company has available Rs. 7,498.571 (31 March 2022: Rs. 8,729.86) of undrawn committed borrowing facilities.

### 39. Segment reporting

The Company's business activities which are primarily construction and development, and related activities falls within a single reportable segment as the management of the Company views the entire business activities as construction and development. Accordingly, there are no additional disclosures to be furnished in accordance with the requirement of Ind AS 108 – 'Operating Segments' with respect to single reportable segment. Further, the operations of the Company are domiciled in India and therefore there are no reportable geographical segment.

### 40. Capital management

Net debts comprises of non-current and current debts (including trade payables and other financial liabilities) as reduced by cash and cash equivalents, other bank balances and current investments. Equity comprises all components of equity including other comprehensive income.

The objective of the Company's capital management structure is to ensure that there remains sufficient liquidity within the Company to carry out committed work requirements. The Company manages its capital structure and makes adjustments to it, in light of changes to economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital, issue new shares for cash, repay debt, put in place new debt facilities or undertake other such restructuring activities as appropriate.

# Compensation is determined as per contractual terms for the period of delay in handing over the control of property.

43. During the prior year ended 31 March 2019, pursuant to the insolvency proceedings initiated by NCLT against the Company, IDFC First Bank Limited ("IDFC Bank") recalled the working capital demand loan facility of Rs. 1,000 granted to the Company, stating that such initiation of insolvency proceedings by NCLT has led to material adverse effect under the financing documents/agreements. Consequent to this, IDFC Bank invoked the SBLC provided by Abu Dhabi Commercial Bank ("ADCB") as security for the said working capital demand loan facility, which had counter guarantee from the Ultimate Holding Company. As a result, the amount aggregating to Rs. 1,001.74 was payable on demand by the Company to its Ultimate Holding Company and carries no interest provision. During the current year, on 10 May 2022, the said amount has been repaid by the Company to its Ultimate Holding Company.

**44. Lease related disclosures**

The Company has leases for office building and vehicles. With the exception of short-term leases, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. Variable lease payments which do not depend on an index or a rate are excluded from the initial measurement of the lease liability and right of use assets. The Company has presented its right-of-use assets in the balance sheet separately from other assets.

Each lease generally imposes a restriction that, unless there is a contractual right for the Company to sublease the asset to another party, the right-of-use asset can only be used by the Company. Some leases contain an option to extend the lease for a further term. The Company is prohibited from selling or pledging the underlying leased assets as security. For leases over office buildings and other premises the Company must keep those properties in a good state of repair and return the properties in their original condition at the end of the lease. Further, the Company is required to pay maintenance fees in accordance with the lease contracts.

**A. Lease payments not included in measurement of lease liability:**

Particulars	31 March 2023	31 March 2022
Short-term leases	96.81	87.78

- B. Total cash outflow for leases (including interest) for the year ended 31 March 2023 was Rs. 36.66 (31 March 2022 was Rs. 31.64).

**C. Total expense recognised during the year:**

Particulars	31 March 2023	31 March 2022

46. (a) As at 31 March 2023, the Company has long-term borrowings (including debentures) of Rs. 10,431.10 which are due for repayment in the next one year. Given the operating performance of the Company in the current year and basis the business plans (including a substantial repayment of non-convertible debentures subsequent to the year-end), the Company will be able to meet its financial obligations in the next one year. The management has also considered the fact that the Company has significant asset base, including land inventories or land development rights, which can yield values in excess of their book values on development and can hence be used for raising additional capital, as and when required. Further, the Emaar Properties PJSC, Ultimate Holding Company has agreed that it shall continue to provide support to the Company in arranging for funds to enable the Company to meet its operational and project requirements. Hence, these financial statements have been prepared on a going concern basis.

(b) In the opinion of the Board of Directors, current assets have a value on realization in the ordinary course of business at least equal to the amount at which they are stated in the balance sheet and provisions for all known/expected liabilities have been made.

47. The Demerger Scheme as approved in earlier years by NCLT provides for transfer of the following by the Company ('Demerged Company') to the MGF Developments Limited ('Resulting Company'), as part of Demerged Undertaking:

"Identified cash flows not exceeding an amount of Rupees Eleven Billion Five Hundred Million (INR 11,500,000,000) and applicable service tax and value added tax thereon, if any, arising out of the cash flows from the (i) Marbella project of the Demerged Company in Gurgaon, Haryana bearing licence No. 97 of 2010 dated November 2010 admeasuring 108.006 acres and 41 of 2011 dated 3 May 2011 admeasuring 1.063 acres, and

(ii) Emerald Hills Extension project of the Demerged Company in Gurgaon, Haryana bearing licence No. 113 of 2011 dated 22 December 2011 admeasuring 95.29505 acres, which projects are at various stages of development and thus cannot be transferred to the Resulting Company, to be monetised to the extent and manner as agreed between the Demerged Company and the Resulting Company. Such cash flows when accrued to the Demerged Company as part of the Demerged Undertaking, shall be paid to the Resulting Company as its income and shall be deemed to be the income of the Resulting Company. All ownership and development rights in relation to above projects shall, at all times, remain with the Demerged Company.”

In view of the same, till 31 March 2023, an amount of Rs. 4,421.77 (till 31 March 2022: Rs. 3,980.60) has been accrued in the books of accounts of the Company since the Appointed Date i.e., during the period 01 October 2015 to 31 March 2023.

48. The Company has appointed independent consultants for conducting a Transfer Pricing Study to determine whether the transactions with associated enterprises at “arms-length basis”. The management confirms that all international transactions with associated enterprises are undertaken at negotiated contracted prices on usual commercial terms, and adjustments if any, arising from the transfer pricing study. Based on the transfer pricing study completed for the financial year ended 31 March 2022, the management is of the view that same would not have a material impact on tax expenses provided for in these financial statements. Accordingly, these financial statements do not include any adjustments for the transfer pricing implications, if any.

50. During the year 2009, the Haryana Government had initiated land acquisition proceedings for approx. 1400 acres in various villages of District Gurugram, which was ultimately reduced to 87 acres. The erstwhile landowners filed cases alleging conspiracy between Government officials and private developers in the land acquisition process, however, the Supreme Court dismissed these appeals. Under directions from Supreme Court, CBI initiated investigation against all the alleged developers during 2018-19 and 2019-20, the Enforcement Directorate also initiated parallel investigation under the Prevention of Money Laundering Act. The Company has fully co-operated with all investigations conducted by the authorities and provided requisite information and documents as and when required. The subject matter is sub-judice in Courts and the Company believes that it has not violated any legal provisions.

Notes:

- A) The change in ratio is less than 25% as compared to previous year and hence, no explanation required.
- B) Current ratio has Increased due to payment of outstanding principal, redemption premium and interest accrued on secured, non convertible debentures during the current year.
- C) Debt service coverage ratio reduced on account of decrease in Earnings before depreciation and amortisation, interest and tax during the current year as compared to previous year.
- D) Movement in ratio is due to loss in the current year as compared to profit in the previous year. Further as on 31 March 2023 and 31 March 2022, the Company's total equity has been completely eroded (primarily due to Demerger happened in the financial year 2018-19).
- E) Inventory turnover ratio decreased due to decrease in cost of revenue vis a vis decrease in revenue during the current year as compared to previous year.
- F) Inventory turnover ratio decreased due to decrease in cost of revenue and trade payable during the current year as compared to previous year.
- G) Net capital turnover ratio Increased due to positive working capital (primarily due to payment of outstanding principal, redemption premium and interest accrued on secured, non convertible debentures during the current year) during the year ended 31 March 2023.
- H) Reduction in ratio is due to loss in the current year as compared to profit in the previous year.
- I) Return on capital employed reduced on account of reduction in Earnings before interest and tax during the current year as compared to previous year.
- J) Return on investment increased due to increase in investment amount and interest income during the current year as compared to previous year.
