GENERAL NOTES:

- All dimensions on this drawing are in feet & inches.
- Only written dimensions are to be followed. Drawing should not be scaled under any circumstances.
- All measurements must be checked & verified by the contractor prior to execution of work at the site.
- The drawing is to be read in conjunction with all relevant structural, services & MEP drawings.
- Architectural drawings are to be followed for the location of all structural members & necessary walls for size & reinforcement details of structural members. Relevant structural drawings are to be referred.
- Any discrepancies between architectural, structural & services drawings shall be brought to the notice of the architect immediately & prior to execution at the site.
- Coordination with services such as HVAC, plumbing & electrical is the responsibility of the contractor.
- All necessary walls should be aligned with the columns as indicated on the plan, irrespective of the position as calculated with the dimensioning.
- For details refer relevant larger scale detail drawings as indicated.

GENERAL NOTES:

- All dimensions on this drawing are in feet & inches.
- Only written dimensions are to be followed. Drawing should not be scaled under any circumstances.
- All measurements must be checked & verified by the Contractor prior to execution of work at the site.
- The drawing is to be read in conjunction with all relevant structural, services & facility planning drawings.
- Architectural drawings are to be followed for the location of all structural members & necessary walls for size & reinforcement details of structural members. Relevant structural drawings are to be referred.
- Any discrepancies between architectural, structural & services drawings must be brought to the notice of the Architects immediately & prior to execution at the site.
- Coordination with services such as HVAC, plumbing & electrical is the responsibility of the Contractor.
- All necessary walls should be aligned with the columns as indicated on the plan, irrespective of the position as calculated with the dimensioning.
- For details refer relevant larger scale detail drawings as indicated.

GENERAL NOTES:-

1. All dimensions on this drawing are in feet & inches.
2. Only written dimensions are to be followed. Drawing should not be scaled under any circumstances.
3. All measurements must be checked & verified by the contractor prior to execution of work at the site.
4. The drawing is to be read in conjunction with all relevant structural, services & facility planning drawings.
5. Architectural drawings are to be followed for the location of all structural members & masonry walls for size & reinforcement details of structural members. Relevant structural drawings are to be referred.
6. Any discrepancies between architectural, structural & services drawings must be brought to the notice of the architects immediately & prior to execution at the site.
7. Coordination with services such as HVAC, plumbing & electrical is the responsibility of the contractor.
8. All masonry walls should be aligned with the columns as indicated on the plan, irrespective of the position as calculated with the dimensioning.
9. For details refer relevant larger scale detail drawings as indicated.
